

Adyapan
Schools

ACCA F4 (Corporate Law)

DURATION : 2 MONTHS

Your first step of transformation begins, here and now.

At **Adyapan**, we go beyond traditional education. We provide transformative, mentor-led learning experiences designed to prepare the next generation of professionals for real-world challenges, especially in fast-evolving industries like SaaS, AI, Automation, and beyond.

Whether you're a student, working professional, or aspiring entrepreneur, our programs are built to help you gain practical skills, master emerging technologies, and build real-world projects.

so you don't just learn, you launch.

Mission

To cultivate a global community of innovators and professionals, equipped with the practical skills, mindset, and confidence to excel in modern, tech-driven industries.

Vision

To shape the future-ready workforce through accessible, hands-on, and mentor-led education, bridging the gap between aspiration and opportunity.

Say hello to Career Adyapan Program

A power-packed evolution of our mentorship program.

32+ hours of updated content

Elite mentor panel

Not one, but your own MVP project

**It's not just a program. It's your
career's switch.**

20k+

STUDENTS ASSISTED

30+

YEARS COMBINED
EXPERIENCE

100+

INDUSTRY EXPERTS

What is MVP?

MVP = Minimum Viable Product

The simplest working version of your idea

Built fast, with just the essentials, to test and validate in the real world. Instead of just learning, you launch early, learn faster, and grow smarter. It's not just a project. It's your first step into the real world of innovation.

Why MVP is a Game-Changer

Start thinking like a founder No more just working on someone else's dream. With your MVP, you'll build your own. Learn to build, test, and adapt Shift from learner to experts.

Key Highlights

Structured Skill Building

Start from basics, go up to advanced with guided mentorship

10 Practical Projects

One for every major module to ensure hands-on learning

One Live Launchpad Project

Internship-style team project with a real partner company

Cross-Domain Collaboration

Work with peers from AI, Data Science, etc. on a real product

Entrepreneurial Mindset Training

Learn how businesses think and operate

Live Industry Session

Interact directly with startup founders & tech recruiters

Portfolio-First Approach

Build a solid project portfolio that showcases real work

Two Certifications

Course Completion + Internship Certificate for maximum credibility

Outcome-Oriented

Build skills, confidence, and clarity for your next career move

Meet our Mentors

Backed by 50+ experienced mentors, we're here to guide, support, and inspire you every step of the way. With real-world expertise and a passion for teaching, our mentors make learning fun, practical, and truly transformative.

Success Stories from those who've launched

Shrawan Kumar
Data Analyst

This data machine learning course. The course provided me a strong foundation to apply what I was learning to real-world scenarios through projects and assignments. The hands-on approach made it so much easier to grasp complex topics and prepared me well for using these skills in my career.

Simran Naggi
Product Manager

The training and mentorship I received at Adyanan was a game-changer. My mentor not only guided me through real-world projects but also helped me build confidence in my skills. I'm now ready to tackle challenges in my career.

Sachinder Kaurhli
Data Analyst

This program gave me hands-on experience and direct access to industry experts. I learned more in weeks than I did in months of self-study. It's been an incredible journey.

Vishnu Priya
Data Analyst

Thanks to Adyanan, I've gained both technical skills and career insights. The combination of training and mentorship was exactly what I needed to feel prepared and motivated for my professional path.
